## RC-IR3

Compact Infrared Remote Controller

---

The RC-IR3 is an infrared wireless remote control unit for all Kramer IR controllable switchers. The remote can switch up to 96x96 inputs and outputs

## FEATURES

---

**Memory Locations** - Stores up to 99 multiple switches as presets to be recalled and executed when needed

**Kramer Universal Remote** - Includes the protocols of all Kramer devices and is programmable to control any Kramer machine

**Non-volatile Memory** - Retains the last setting, even after the power supply is interrupted

**Transmits to Built-in and Remote Receivers** - Range up to 15m (50ft) or 60m (200ft) with optional external IR receiver (C-A35M/IRR-50) and 3 extension cables
