

Statement of REACH Compliance

This document certifies that Kramer products do not contain above 0.1% (w/w) of any of the 205 Substances of Very High Concern (SVHC) that are defined in Regulation (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 (the REACH regulation) and updated on 16 January 2020, by the European Agency for Chemicals (ECHA), with the exception of:

Products containing Lithium coin cell batteries, which have been determined to contain

- 1,2 dimethoxyethane, also known as ethylene glycol dimethyl ether (EGDME):
EC Number: 203 -794 -9
CAS Number: 110 -71 -4

EGDME is commonly used in Lithium primary batteries as an electrolyte solvent and is not released under normal or reasonably foreseeable conditions of use of the batteries or of Kramer products containing such batteries. Information for manufacturers and importers on the safe usage of this substance can be found at: <https://echa.europa.eu/registrationdossier/-/registered-dossier/14829/9>

- Lead may be contained in Copper, Aluminium, and glass in electronic components
EC Number: 231 -100 -4
CAS Number: 7439 -92 -1

The complete list of candidate SVHC materials can be found at:

<http://echa.europa.eu/web/guest/candidate-list-table>

Kramer products do not contain any SVHC listed in the current edition of Annex XIV of REACH

<https://echa.europa.eu/authorisationlist>.

Kramer products do not contain Annex XVII substances which are used in a manner restricted under one or more Annex XVII entry :

<https://echa.europa.eu/substancesrestricted-under-reach>
