Statement of Green Policy

Kramer Electronics recognizes that our work may have a direct or indirect effect on the local, regional and global environment. We are committed to reducing any harmful effects on the environment and promoting the understanding of sustainability in its broadest context.

Kramer products comply with the Restriction of Hazardous Substances (**RoHS**) requirements as defined in Directive 2002/95/EC of the European Parliament and comply with the Restriction of Hazardous Substances (**RoHS2**) requirements as defined in Directive 2011/65/EU of the European Parliament.

Kramer Electronics complies with the Waste Electrical and Electronic Equipment (<u>WEEE</u>) Directive 2002/96/EC while information about the recycling network can be found at: http://www.kramerelectronics.com/support/recycling/

Kramer products comply with Regulation (EC) No 1907/2006: Registration, Evaluation, Authorisation and Restriction of Chemicals ("the **REACH** regulation") to the best of our knowledge. Kramer is constantly evaluating the list of SVHC materials maintained by the European Agency for Chemicals (ECHA¹).

<u>Conflict Minerals</u>: Suppliers are expected to ensure that parts and products supplied to Kramer are DRC conflict-free (do not contain metals derived from conflict minerals 3TG - Tantalum, Tin, Tungsten, Gold or their derivatives) such that they do not directly or indirectly finance or benefit armed groups through mining or mineral trading in the Democratic Republic of the Congo or an adjoining country).

Kramer Electronics also made progress in regard to <u>Energy Star</u> & <u>EuP</u> Directive 2005/32/EC while building a framework for the setting of eco design requirements for energy using products. At the moment, in the field of Pro-AV products, the Energy Star Scope of products covers Amplifiers and Active Speakers. Kramer is a registered company in the Energy Star organization.

All Kramer DC products operate with an Efficiency Level 6 wall-mount Energy-star certified PS.

Kramer Electronics continues to invest in research in an effort to keep up with new green standards in order to ensure a greener world.

Kramer is certified to <u>ISO 14001</u> (Environmental Management System), which demonstrates our full commitment to Environmental issues.
